SUBJECT: Government regulation of Health Foods, Vitamins, Minerals, etc

[Message]

Please stop the proposed government regulation, restriction and control of health foods, vitamins, minerals, substances by the FDA. Less govt... not more. Protect our freedoms... stop overregulation.

I don't need to be treated like a child.... I appreciate the efforts to stop deceptions and corruptions that can hurt the consumer.... but overregulation is not wanted nor needed. I am responsible for my health and me. everytime the govt gets involved we lose more freedoms and choke out the good stuff too. The trade off is not necessary.

Thank you for listening... Please help...Respectfully, Linda
